

2017 Foundation Report

The mission of the Foundation is... ***“Growing the future of agriculture by supporting the youth of today.”***

The Foundation was established to seek out donations from individuals and businesses to help support collegiate scholarships and Ag in the Classroom programming in our schools. The Foundation, as a 501(c)3 charitable organization, can receive gifts of cash, life insurance, land, estate donations, memorial bequeaths, or other charitable giving.

Financial Report

In the fall of 2017, the Foundation launched its first annual direct mail fundraising appeal to our members. The appeal was a great success with \$1,500 in general donations to the Foundation and \$415 in donations earmarked to Ag in the Classroom through the campaign. If you donated to the Foundation last year, thank you!

	<i>Fiscal year ending September 30,</i>
